

Presidential

PREMIUM STAINLESS STEEL

Specification Sheet

CP01

As the heart of your kitchen, this kitchen faucet combines flexibility and multi-function to provide the maximum use of the faucet, a good helper for your odds and ends in the kitchen. This pull-down kitchen with an optional deck plate is designed with high-arc, which is high enough for you to wash pots and pans easily. Deck Plate included.

Installation notes: Must be performed in compliance with local construction and plumbing regulations, before installing the kitchen faucet, please check whether the hose is loose to prevent water leakage, when installing the hose, please tighten it but not over tightening, this will damage hoses/pipes and gaskets
